Technical Info EN

2014

A plywood oak chair with the finishes from our collection. Optional cushion upholstered in fabric or leather.

Perfect for home and contract use, stackable up to 10 chairs for the non upholstered version and 4 chairs for the upholstered version.

Its name is a reference to the slot in its back, which serves both as a handle for moving it easily and as a support to hang handbags.

Klip is available in many different base and seat options that can be adapted to different environments and establishments. Thanks to its geometric design, many units can be grouped together to create elegant configuration in common areas.

Víctor Carrasco

Born in Valencia (Spain) in 1974, Víctor Carrasco began his professional career after graduating Cum Laude in Industrial Design Engineering at the Polytechnic University of Valencia.

Shying away from trends and fads, he has developed and positioned international brands with remarkable added value, thanks to his passion for synthesis, sustainable growth and his pragmatic vision of the future.

Since 2007, he has been combining his position as strategic director of Viccarbe with that of Director Business Development for the prestigious American multinational Coalesse (Steelcase Inc.). Likewise, as an industrial designer, he has collaborated with numerous international companies.

He was the recipient of the Prince Felipe Award for Business Excellence and he has also won the German Design Award.
